Virginia,

Thanks for your call and your coordination on the project. One hard copy of the document would be fine for R3, with one CD. Looking forward to seeing the draft scoping. Thanks again.

Barbara

Hi Justin and Barbara,

To reiterate the voicemail messages I left for you this morning:

I've given a draft of the scoping letter to Ken Westlake for his review. I will make Ken's changes and then email the draft to you for your input/concurrence/changes. You should receive the draft later today or tomorrow. Our scoping comment letter is due to FERC on 12/18/2014.

Barbara – I also need to know how many hardcopies and/or CDs of the DEIS Region 3 would

like to receive from FERC once the DEIS is out for public review and comment. Please let me know ASAP.

Please call me if you have any questions or concerns.

Thank you,

Virginia Laszewski
